

# Explore vocation through service

---

Visit VISION Vocation Network's Events Calendar at the link below for service and volunteer opportunities sponsored by religious communities and church organizations in your area.

[www.vocationnetwork.org/opportunities](http://www.vocationnetwork.org/opportunities)

After serving those in need, discuss:

1. What encounter touched you the most during your time of service?
2. Who stands out, whether a person you served or a fellow volunteer or supervisor, and why?
3. What did you learn about yourself and God after this experience of service?
4. Why is it important to serve and support this particular community in need?
5. Would you like to serve this community again? Why or why not?

---

## Assignment

Work as a youth or campus ministry group to explore the importance of service in action. Make time as a group after the experience to discuss the above questions regarding the community you served and the entire service experience.

For additional resources, go to the Youth Ministers Tab at [VocationNetwork.org](http://VocationNetwork.org).
